(Above Photo) On Friday, March 29, 2024, students, teachers, and parents from Westside Elementary School were treated to an exciting and educational field trip at Douglas Municipal Gene Chambers Airport. They got the chance to explore the inner workings of an airplane and learn about the airport's operations from Airport Assistant Manager, Lindy Martin. Witnessing planes taking off and landing was a thrilling sight for the students, who were able to learn how airports operate and familiarize themselves with the different types of aircraft. Additionally, the group visited the WWII Flight Training Museum to learn more about our aviation history. Don't miss out on this unique opportunity! You can schedule your own tour of the airport by calling (912) 384-1409. Discover the wonders of flight and local history – we can't wait to share this incredible experience with you!

A group of students and teachers from First Academy paid a visit to City Hall on Tuesday, March 26, 2024. They were warmly welcomed by Mayor Paulk who greeted them and gave them a tour of the Commission Chambers. During the visit, Mayor Paulk spoke to the students about the role of the Mayor and City Commission. He emphasized the importance of leaders being just and fair when making decisions that affect citizens. The students were thrilled to sit in the Mayor's seat and pretend they were the Mayor. If you would like to schedule a visit to City Hall, contact the Mayor's Office at (912) 389-3401.

Airport Paving Project Completed

Contractors started re-paving the terminal ramp, apron, and taxiway at the Airport in January and it is now completed.

BEFORE

AFTER

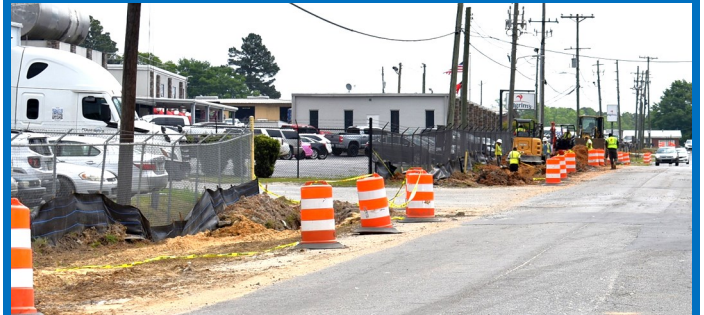

CEMETERY ROAD IMPROVEMENTS BEGIN SOON

Equipment has been moved into the Douglas Cemetery to prepare for upcoming resurfacing of some existing roads, paving dirt roads in the new section, and adding drainage infrastructure.

The McNeal Drive improvement project is underway! Road improvements, sidewalks, and infrastructure improvements are taking place on McNeal to Hwy. 441. The project will take approximately 5 months to complete. Traffic is congested in the area, and we ask that you please use caution when traveling through the work area. Please pardon our progress and have patience throughout the entire length of this project.

Hwy 158 Sidewalk Improvements

Thanks to a TIA grant, sidewalk improvements have begun on Hwy. 158. This project will take several weeks to complete so please be patient as we make these accessibility improvements.

Wheeler Park Undergoing Make-Over

Wheeler Park is receiving improvements to enhance the park's accessibility. The first phase of improvement has included the installation of new sidewalks, making it easier for everyone to access the park. The next phase will be new playground equipment, thanks to assistance provided by the Community Foundation of Coffee County.

During this period, we apologize for any inconvenience the construction work may cause.

Earlier this month, Mayor Paulk proclaimed March as Developmental Disabilities Awareness Month. In March, the National Association of Councils on Developmental Disabilities (NACDD) and its partners collaborate to lead Developmental Disabilities Awareness Month (DDAM). The annual campaign highlights how people with and without disabilities come together to form strong communities.

Pictured: Officials from Unison Behavioral Health are pictured with Mayor Paulk as he signs the Proclamation for Developmental Disabilities Awareness Month. L-R: Belydia McCarty (Director, Developmental Disability), Katherine Adams (Case Manager), Mayor Paulk, and Tiffany Henderson (CEO, Unison Behavioral Health).

LONGHORN CONSTRUCTION IS UNDERWAY!!

Demolishment of the Board of Education building began the first of March.

Since then, the site has been cleared of any debris and the building pad has been placed to begin building construction.

For full press release, www.cityofdouglasga.gov/. Open House dates for 2024: April 12 (9AM-1PM), April 25 (1PM-4PM), May 10 (9AM-1PM), May 24 (1PM-4PM), June 5 (9AM-1PM), and June 28 (1PM-4PM).
